- 1. Proposed Artificial Grass Rule (Bob Swedenburg):
  - i. The ACC met earlier in the month to discuss the artificial turf request at 15140 Steinbeck and what the HOA policy should be regarding artificial turf requests given that HOA and filing covenants do not specifically mention artificial turf. The ACC unanimously decided it was not appropriate in front and side yards, but could be considered for back yards that aren't visible from the street.
  - ii. Bob developed a proposed policy on artificial grass, which the board discussed and proposed amendments to. The board debated the merits of artificial grass generally as well as specific aspects of how it could be employed in terms of quality, durability.
  - iii. John noted the proposed rule does not have the necessary formatting and elements.

- iv. Tim made a motion that the board should approve a properly formatted rule regarding use of artificial grass that will be discussed and approved at the next meeting. This motion passed on a voice for with ten in favor and two opposed.
- 2. 2021 Noxious Weed Spraying (Mark Keller):
  - i. Mark reported that the teasel spraying this year would be approximately \$3300 according to the estimate from last year. The budget is currently \$3000. The board discussed the scope of work and that additional spraying may be needed west of Gleneagle drive as there are still areas that weren't sprayed last year.
  - ii. The board decided to approve up to \$3,500 worth of work and that if additional spraying was necessary that the contractor would submit a bid for additional work.
- 3. Baptist Fence/Wall Maintenance Rule (John Rickman):
  - i. John explained the need for a new rule as there is not an existing rule regarding responsibility for maintenance of fencing and the sound wall adjacent to Baptist road.
